

Research

This term we are looking at charities. Do some research on a charity of your choice. Create a poster or a non-chronological report about it. Remember to include an introduction and at least 2 subheadings.

Don't forget to bring your home learning into class, be ready to talk about what you've done or show what you've made.

Scottish Culture

Learn a Scots poem or song

Try writing your own poem using Scots words.

Why not make some shortbread with an adult helper, measuring out the ingredients in grams?

Health and Well Being

Make a certificate for a friend to celebrate one of their special qualities. Do they get it for kindness, honesty, being brave, compromising or something else? It feels good to build each other up!

Money

Practice counting, sorting and ordering money. Make a toy shop with price tags and put out the correct coins to pay for things. Work out the change if you paid with a £1 coin or £5 note

Or

Practice adding up using money. Use a takeaway menu and plan a meal for your family. Take the order and then add up what it would cost.

Science

What do we use electricity for? Make a list of uses in your home. Imagine your life without it and write a description piece about it and what you would miss.

Spelling

Practise the words on the spelling planner attached.

Write them out and practise your handwriting at the same time and put them on your bedroom wall to help you remember.

Time

1. Practice telling the time using quarter past, quarter to and half past.
2. Use the stopwatch function on a phone or tablet to time yourself doing different activities. Predict first and then measure.
3. Count the clocks in your house. How many are analogue and how many are digital? Design your own clock face.

Times Tables

Keep practising your times tables. Revise the 3 and 4 times tables and push yourself to work on the 6s and 8s. Try doing it against the clock and beat your score

www.timestables.co.uk

French

Practise the months of the year in French!
Make a calendar to show them.

Number

Count in tens from any number – how far can you go?!

Teach someone how to use a number line to add or subtract.

Remember to start with the largest number first!

Art

This term we are learning about Charles Rennie Mackintosh. Create your own design in his style. Think about combining geometric and natural shapes. It could be a cards for a special occasion like a birthday or Mother's Day.

Primary 4
Term 3
2024

Reading

Read for a few minutes before you go to sleep. Make it a part of your bedtime routine. You could even read out loud to a cuddly toy. Bring in a good book you could recommend to the class.

Handwriting

Keep practising your handwriting. Remember not to take your pen off the page until the word is finished. Use your spelling words as practice.

Remember finger spaces when you write words.
