

P3 Home Learning Wall - April to June 2026

This term pupils will be asked to prepare a short 'show/tell' presentation to share with the class. This could be about a toy, a person/pet or an experience. The presentation should be around a minute long. Each pupil will be told which date they will do their presentation.

Science - Water

Explore water in different states around your home. Think about water as a solid, liquid and gas. Can you draw an example of each one?

Literacy

Can you write a short recount about your funniest moment? Make sure you write what and where it happened in order using time adverbials like First, Then, Next, Afterwards etc.

Maths - Money

Ask an adult to show you a receipt after they have paid for items at a shop. Can you say what the most and least expensive items were? How do you know?

Science - Energy

Be an inventor!
Can you draw and label a machine which uses energy? It could be real or imaginary. Underneath your drawing write about what kind of energy it uses and what it does.

Reading

Continue to read for enjoyment at home.
Challenge: read a story and retell it in your own words to someone or a pet in your home.
