

Research

Read a book or find a web page to learn about an animal you are interested in. Make notes under the headings: habitat, diet, physical features and dangers they face.

Technologies

Make an animal habitat from junk and bring it into school to show. Be ready to explain all the elements of the habitat and how it helps the animal to survive.

Area

Draw the Island from 'The Wild Robot' on squared paper. When you have done this in as much detail as you can, count the squares to find the areas of the woods, the lake, the mountain and the whole island.

Creativity

Imagine you are The Wild Robot from our class novel. Write about your experience arriving on the island. Use your 5 senses and lots of adjectives to describe the scene and how you feel.

Handwriting

Use lined paper and practise joining all your letters. Practise the patterns we are learning in class. Remember- we do not write in capital letters. You could copy out a poem, some facts about an animal or song lyrics.

French

Practise some classroom instructions that we have been using, pause the video to learn how to write them too!

<https://www.youtube.com/watch?v=haXeIEdBUI0>

Synonyms

Try to find interesting words while you are reading to use in place of boring ones- for example instead of the word eat, say nibble or munch!

Place Value

Practise ordering numbers up to 1000

Practise ordering numbers up to

10000 <https://ictgames.com/mobilePage/countingCaterpillar/index.html>

Rounding

Practise rounding numbers to the nearest 10 or 100. Remember the high five rule!

<https://www.topmarks.co.uk/maths-games/rocket-rounding>

Reading

Try to read for 15 minutes or more every day. If you would like to borrow a book, then please ask the teacher or visit the library. Maybe try a new genre that you don't usually choose.

Addition and Subtraction

Try rolling a dice to make 4 -digit number. Can you add and subtract 1, 10, 100 and 1000 from each number you make?

Challenge- can you do this with 5- or 6- digit numbers?

Art

Use pencil, coloured pencil, chalk or oil pastels to draw an animal (either a pet or one from a book or webpage). Try to include as much detail as possible, use shading to make your animal look realistic.

Diary Writing

Try keeping a personal diary for a while. Note down your thoughts about the day. Can you 'show not tell' how you were feeling? Remember to include lots of detail and write in the past tense.

Design

A poster telling the P1's how to be a good friend. Remember they can't read lots of words, so we need lots of pictures and short sentences.

Example: Use kind words.
