Primary 5: Term 2 Home Learning

Art and Design

Collect fallen autumn leaves and create a collage, animal, person or landscape using them.
Create artwork showing an autumn weather scene using contrasting colours and textures.
Design and make an instrument using recyclable materials.
Draw an imaginary instrument and explain how it works and what it sounds like.
Choose a real instrument you have learned about and redesign it for the future.

Music Around the World

Interview a family member about music they listened to growing up, create a short report based on the information they share.
Create a music playlist representing 5 different countries, write a sentence explaining each choice.
Choose an instrument from another country and create a fact file including its name, country of origin, materials, and how it is played.

Health and Wellbeing: *Talk Things Over*

Ask a family member about a time they needed help because they didn't know how to do something. Who did they talk over their worries with? What difference did talking about it make?
Together create a 3D 'Worry Monster' using recycled materials, such as a cardboard box. You may want to give it a funny name and an unusual personality. Ensure your monster has a wide mouth so that any worries can be posted inside.
Key Book: *The Huge Bag of Worries* by Virginia Ironside

Writing

- **Autumn through the senses:** Write a descriptive paragraph using all five senses. Use at least five ambitious vocabulary choices and a variety of sentence starters to make your writing interesting.
- **Meet my musical instrument:** Choose an instrument from anywhere in the world and write a first-person description, as if you are that instrument. *e.g. Hello! My name is the djembe. I come from West Africa…*
- **The Magical Music Shop:** *When I opened the door of the old music shop, every instrument suddenly began to play…* Continue this story ensuring you have included descriptive language, accurate punctuation and a clear beginning, middle and end.

Money

- **Receipt Detective**: Look at a real shopping receipt. Find the most/least expensive item, calculate totals for selected items and work out the difference in cost between items.
- **Shopping List**: Give learners a budget and a shopping list. Using a digital or physical catalogue, work out what they can afford and how much they would have left.
- **Make the Amount**: Use real-life coins and notes to make various amounts. Can you make it using the fewest number of coins? How can you make it using only silver coins?
- **Toy Shop Money**: Play digital games such as https://www.topmarks.co.uk/money/toy-shop-money to practice calculating totals and giving change.

Spelling

Practice the words on the spelling planner attached.
Write them out and practice your handwriting at the same time.
You could even think of other words which follow each spelling rule! Use Blue Vowels, syllable colours, upper and lower case and silly sentences to practice your words.

Digital Numeracy

If you have a device at home, use Sumdog and Top Marks to practice numeracy we are learning
https://sumdog.com/user/sign_in
Addition and Subtraction Games

Reading

Try to read a little bit every day. This can be books, comics, magazines or other types of text. Read aloud to a cuddly toy or take it in turns to read with someone.
