P2 Term 2

Think about a kind activity / action you can do for everyone in your family and do it!	Play snakes and ladders. Can you work out what square you will land on by counting on?	Set alarms for waking up and going to bed. Can you tell the time? (Both o'clock and half past).
Make a moon diary and draw the shape of the moon every night for a week. What do you notice?	Make a poster to show what you can do when you are feeling in the blue, yellow or red zones.	Go outside and collect some leaves and then make your own Rangoli pattern.
Play a game of 'coin toss' or 'rock paper scissors'. Write down who wins. What do you notice?	Choose a 3 or 4 letter word and then write a list of words that rhyme with it. How many can you think of?	Go to the library or look online for some lovely poems about Autumn and Winter time.
Can you make up actions to our Christmas concert songs (A Starry Night and Jingle Bells)?	Pick an exercise and time how long it takes you to do 10 repetitions. Can you get faster?	Use your reading book to hunt for tricky words and all the sounds we have learned.
